RE: General Sessions and Juvenile Judge

Dear Mayor Ridgeway:

It is my understanding that the Henry County Commission will soon consider a measure to bring the base salary of the Henry County General Sessions and Juvenile Court Judge into parity with that of the other full time judges who serve Henry County. A decision to make such an adjustment, to be effective in 2022, is fully warranted for two primary reasons.

First, the job has evolved to require the full time professional attention of the attorney performing the duties. I know the effort that has been brought to the job by the fine lawyers who have served there in the past and at present. Each has devoted time and attention to the demands of the job in a manner equal to that of the other judges who work in Henry County. To compensate them equally will be fundamentally fair.

Second, in order to attract the best qualified lawyers to perform this job in the future, it is prudent to structure the compensation in a way that values their work equally with that of other similar roles. The concept is simple – in order to hire the best person for the job the pay must be competitive.

Henry County has the largest docket of any county court in the 24th Judicial District of Tennessee. Your citizens benefit from the efficiency that is found in those courts. I submit that this small step will assist in preserving the well qualified and efficient operation of your local courts well into the future.

Thank you for your service to the Henry County community.

With kindest personal regards, I remain,

Sincerely,

Donald E. Parish
